

Next Dinner/Meeting February 18, 2020

Port Lands Remediation

Work in 2018 was largely focused on the excavation of the River Valley System in the centre of the Port Lands, and that continued into the majority of 2019. The new year will also bring about the re-alignment of Cherry Street slightly west of its current location, and the construction of a new Cherry Street bridge which will connect the new island to the mainland. As the trench for the new river becomes deeper, a Commissioners Street bridge will also be constructed on the east side of the island to improve its east-west corridor.

Commissioners Street will be reconstructed and the Hydro One infrastructure needed to support redevelopment of the area will be completed. In the following three years, a third more southerly bridge will be constructed for Cherry Street over the naturalized river, two parks will be completed, and the Keating Channel will be modified to promote water flow into the new extension of the river.

Presenter: EllisDon

Time: 6:00 p.m. Cocktails
6:30 p.m. Dinner
87:30.m. Presentation

Location: [Mastros Restaurant](#)
890 Wilson Avenue, Toronto

Cost: Members \$60.00
Non-Members \$70.00
HST Included
Credit Card accepted at the door
